### PROFILE

Computer engineering graduate with a security-oriented software engineering profile. Experience building backend services, REST APIs, data-driven applications, microservices and secure web/mobile platforms. Strong foundation in Python, Java/Spring Boot, APIs, SQL/NoSQL, Docker and application security testing. Seeking Software Engineer, Backend or Full Stack roles where cybersecurity is a differentiator.

### CORE SKILLS

**Backend & APIs** : Python, FastAPI, Java, Spring Boot, REST APIs, Node.js, TypeScript  
**Frontend & Mobile** : Angular exposure, Flutter, Dart, responsive web interfaces, HTML/CSS  
**Data** : SQL, MySQL, PostgreSQL, MongoDB, Data Warehouse, Pandas, Plotly  
**DevOps** : Docker, Kubernetes, Git, GitHub Actions, CI/CD concepts, Linux, Bash  
**Security** : OWASP Top 10, secure coding, Web/API testing, WAF, vulnerability remediation

### PROFESSIONAL EXPERIENCE

#### Software Security Engineer — Stagiaire PFE 01/2026 – 05/2026

Digital Power Consulting, Tunisia

- Built BeeWAF with FastAPI, Docker, Kubernetes, ELK reporting and ML-assisted web attack detection.
- Implemented backend modules for anti-bot, DLP, anti-DDoS and virtual patching use cases.
- Produced technical documentation and integrated security logic into a deployable application prototype.

#### Junior Cybersecurity Specialist, Freelance Part-Time 01/2025 – 05/2026

Digital Power Consulting, Tunisia

- Penetration testing on 8 web and API applications, produced multiple detailed remediation reports.

#### Technical Project Lead — Vmate 06/2024

ENIT, Tunisia

- Led a team of 4 on a secure web/mobile platform project ranked 1st.
- Contributed to secure development, code review and application security testing.

#### Cybersecurity Intern — SAP Threat Detection 07/2025 – 08/2025

Streamlink, Tunisia

- Automated event collection with Python/PyRFC and supported ELK-based security correlation.

### SOFTWARE PROJECTS

#### Système de gestion de cinéma 2025

Java, Spring Boot, JPA, MySQL, REST API

- Built a cinema management backend covering movies, sessions, reservations, payments and statistics.

#### Architecture Microservices 2026

TypeScript, Node.js, Microservices, REST API

- Designed decoupled services with REST communication and modular organization for maintainability.

#### Revenue Assurance Dashboard — Tunisie Telecom 2026

Streamlit, PostgreSQL, Data Warehouse, Plotly, RAG

- Built interactive dashboards and analytics workflows over nearly 900,000 telecom records.

#### BeeWAF — Intelligent Web Application Firewall 2026

FastAPI, Python, Docker, Kubernetes, ELK

- Developed backend security modules and monitoring-oriented reporting for suspicious web traffic.

#### Fedi Phone — E-commerce Platform 2026

Next.js, TypeScript, Prisma, PostgreSQL, Tailwind CSS, Docker

- Full-stack e-commerce application with JWT authentication, real-time search, cart, wishlist, admin dashboard and WhatsApp order integration.

### EDUCATION

#### Engineering Degree in Computer Science 09/2023 – 06/2026

National Engineering School of Tunis (ENIT), Tunisia

#### Preparatory Classes in Physics and Technology 09/2021 – 06/2023

Preparatory Institute for Engineering Studies, El Manar, Tunisia

### CERTIFICATIONS

Git & GitHub — 365 Data Science (2024) ; Networking — Cisco (2025) ; Fundamentals of Deep Learning — NVIDIA (2025) ; Machine Learning — NVIDIA (2024) ; Exploring Adversarial Machine Learning — NVIDIA (2025).
